Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

Objectives and activities

The charity's objective is the relief of poverty by the supplying of items of furniture and other household items for the benefit of persons who are in need within the notional area of East Anglia and who have been nominated by an approved referring agent or anyone who self refers by providing proof that they are in receipt of an acceptable benefit, as defined by the Trustees.

In shaping our objectives for the future and planning our activities, the trustees have considered the Charity Commission's guidance on public benefit. The trustees give careful consideration to the accessibility of its services for those on low incomes.

Achievements and performance

The Charity has increased turnover slightly over the last year supporting local residents with the essential goods they need to set up or maintain a home. The Trustees are aware of the legal requirement for them to have regard to the Charity Commission's public benefit guidance and to take it into account when making decisions where the guidance is relevant. The Trustees do not believe they have deviated from the guidance in their governance of the Charity. The Ipswich Furniture Project has managed to continue delivering an efficient, prompt, competitive, caring and compassionate service to both the recipients and their respective agencies and funders. Providing discounts to low income customers to help them furnish their homes, diverting items from landfill to re-use and recycling and assisting the unemployed with support in preparation for seeking gainful employment.

Funding by the County's Local Welfare Assistance scheme has now completely finished. Luckily for the residents of Ipswich and East Suffolk, The Rope Trust have increased their support for those in need of essential items, issuing a further 200 grants compared to last year. IFP have managed to maintain our discounts and the free provision of items to those in most need. Indeed, we gave discounts totalling over 25% of our sales turnover. This is the amount of discount given off the full price of an item or free goods we provided to low income customers.

IMPACT – the change we create.

Planet– managing waste and CO2 emissions.

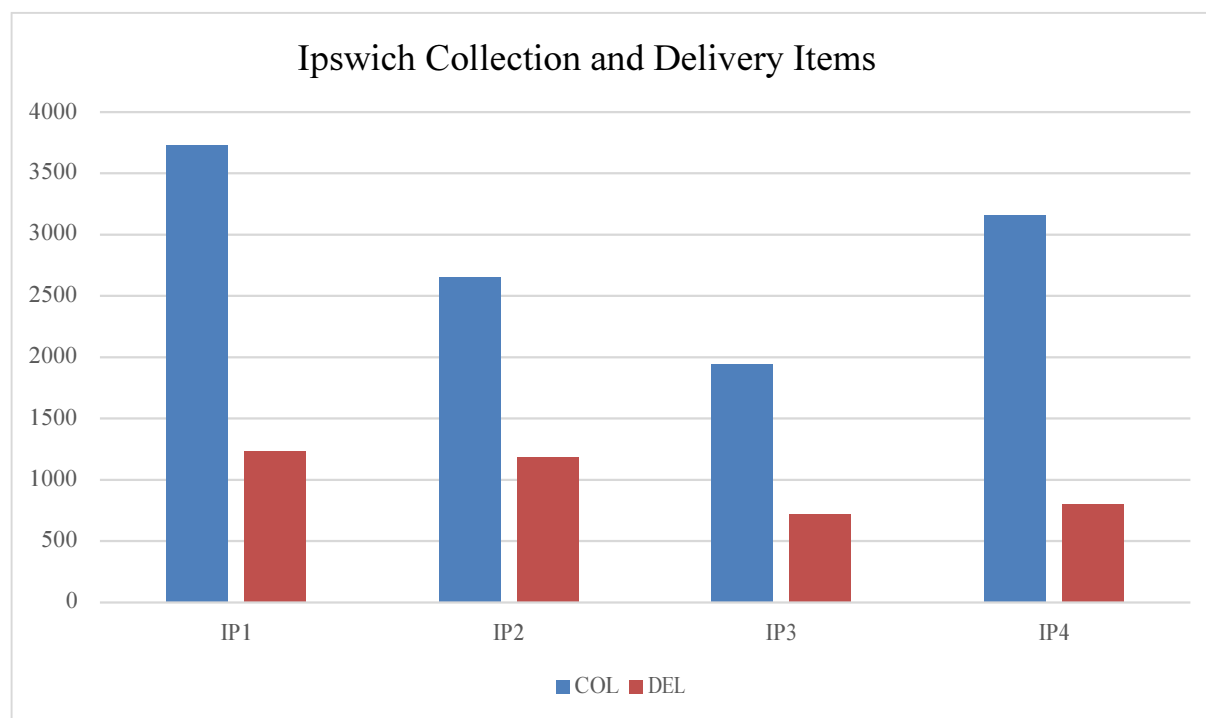

The number of collections and/or deliveries our vans made during the year was 5,676 - around 23 per day. We handled 20,675 items weighing over 538 tonnes, of which 88% of all collections and 85% of all deliveries were to/from Ipswich IP1 to IP4 post codes. 57.5% of the items collected in Ipswich were also re-used by Ipswich residents IP1 – IP4.

Ipswich Furniture Project

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

We re-use as many items as possible by sale through our shop in Ipswich. Our workshop evaluates repairs and refurbishes electrical goods to maximise re-use.

Year ended 31 March 2019

Note: The number of items re-used in the above table coming from outside Ipswich includes 494 Re-used electrical items purchased by IFP to top up the number we collect locally and 278 furniture items donated by John Lewis in Cambridge.

IFP also supplied 407 new electrical appliances and 894 new furniture items, mostly at the request of the agencies supporting the clients these items went to.

Nationally, 10 million household items are sent to landfill every year. 3 million of these items could be re-used by people in crisis (Source: Re-Use Network).

Nearly 615,000 tonnes of material that currently finds its way to landfill or incineration could instead be repaired, resold or donated saving the tax payer more than £60 million each year. (Based on WRAP estimates). This is equal to a potential saving on each household's council tax bill of £3.

On average, there are 4.2 tonnes of CO2 emissions produced in Ipswich, per person per year. (Source: State of Ipswich Annual Monitoring Report 2014).

Every year, it costs around £300,000 to clear waste dumped illegally on public land in Suffolk. Councils are obliged to clear the waste at Council Tax Payers' expense. (Source: One Suffolk).

By re-using, recycling and refurbishing items Ipswich Furniture Project contributes towards the protection and preservation of the environment.

Poverty

One of IFP's main charitable objectives is the prevention or the relief of poverty and financial hardship by the re-use, recycling and supplying of items of furniture and other household items to individuals in need and/or charities, statutory bodies or other organisations working to prevent or relieve poverty for the benefit of persons who are in need.

42% of households in Ipswich are in the poorest two categories representing:

- Those with modest lifestyles but able to get by (15%).
- Those experiencing the most difficult social and economic conditions (27%).

26.6% of the town's population lives within the most deprived fifth of areas in England (IMD 2010). Furthermore, there are nine areas that are ranked within the top 10% most deprived areas nationally and two areas within the top 5% most deprived areas nationally. (Source: State of Ipswich Annual Monitoring Report 2014)

To this end, IFP is open to any member of the public and operates a dual pricing policy offering 20% off re-used electrical items, 50% off re-used furniture items and up to 100% in certain cases to enable low income customers to buy at an affordable price. We even discount our new items, although the amounts are smaller to reflect to cost of the goods to us. New items are not generally made available to members of the public who are not eligible for discounts.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

In the past financial year

- The total value of items sold to customers 'in need' was £ 460,054.56 (based on the original ticket price for each item)
- The total sale price for items sold to in need customers £352,853.75 (based on the price the customer paid after discount)
- Total amount saved by 'in need' customers was £107,200.81 (ticket price of item minus the discounted price the item was sold at to 1,509 'in need' customers)
- An average saving of £71.04 for every 'in need' customer.
- The total number of customers who were provided with furniture and other essential household items funded by external partner agencies was 778. (Rope Trust, Housing, Social & Health Services etc.) This high number of assisted customers reflects that individuals no longer have access to any additional personal funds to buy goods since the removal of the Community Care Grants in 2013 and the cancellation of any LWA funding last year
- Total value of items provided to funded customers was £295,997.31
- The total sale price of items to funded customers was £232,686.75 (after discount)
- Total amount saved by Agencies funding the supply of items to people in severe need was £63,310.56. An average saving of £81.38 for every funded 'in need' customer.
- 91.54% of items sold were sold to customers in need. (Includes new items bought to supplement lack of reusable items or at the request of funders)

The benefits to customers of buying from our shops:

- Those on low incomes have access to affordable household items.
- We help reduce the expenditure of those on low incomes when buying essential furniture and household items.
- Shoppers are able to view a wide range of items in our shops, enabling them to choose items they like (giving those on low incomes choice).
- Our shop is easily accessible for shoppers and is well serviced by public transport
- IFP offers a 3-month warranty on re-used electrical goods, whereas many second-hand items (bought on eBay or at boot fairs) do not have any warranties, meaning that if they fail, the customer incurs further costs in order to replace or repair it.
- We offer a reliable and convenient delivery service – from only £6 or free if the customer spends over £60 (cheaper than most other charity shops or retail outlets).
- Most importantly customers receive an individual, caring service, by staff and volunteers that pride themselves on going the extra mile. – We are always receiving thank you cards, emails and face to face comments praising our service from both customers and support agencies.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

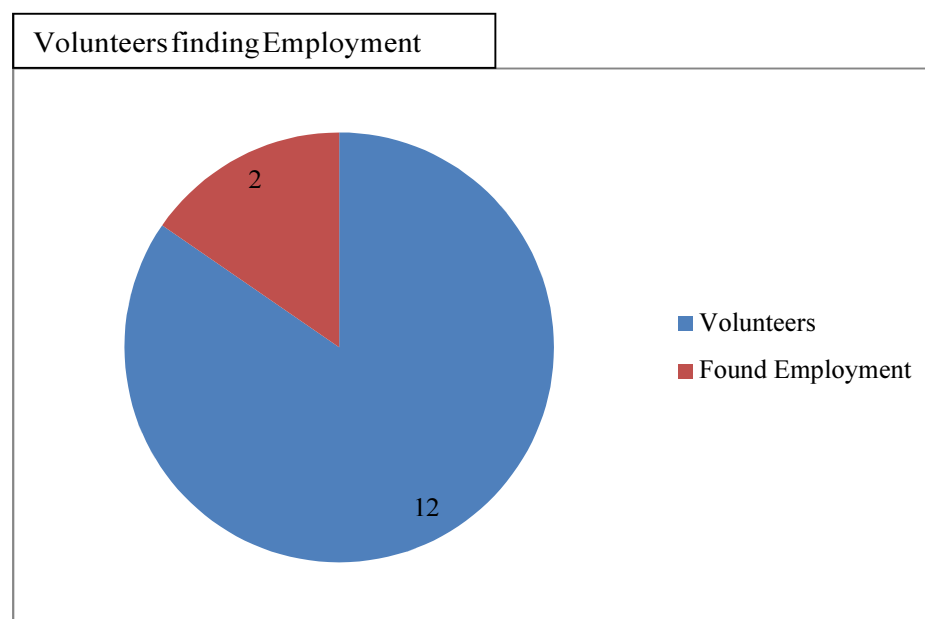

Year ended 31 March 2019

People

IFP also offers help to people to improve their employment chances.

During the year we offered volunteering or work placements to 14 people, many of who came with barriers to work. Two, who were long term unemployed, have since moved on to full time employment. Both of them had been with us for over a year and we had watched them become more positive about their futures as their confidence grew. We are keen to continue providing this service, which forms part of the organisation's social mission. Our team is made up of a mix of volunteers and full and part time employees. We could not function without the assistance of the volunteers, but we offer them:

- Ability to gain valuable work experience.
- Ability to gain new life skills and employability skills.
- Training and certification in Manual Handling, Slips, Trips and Falls, COSHH and Fireawareness
- Access to a variety of work opportunities including: retail sales, administration, IT skills and collection & delivery.
- The potential to progress from volunteering into paid employment, either with Ipswich Furniture Project or with other local employers. Indeed, two of our volunteers did move into employment with external organisations this year.

More importantly we offer an environment where they can progress at their own pace, to allow them time to grow in confidence, establish self-belief and feel wanted and part of a 'family'.

Most commercial businesses do not have the time or inclination to support people with difficult backgrounds, behavioural issues, physical and psychological barriers, which hinder their ability to match the achievements and productivity of the perceived expectations of business employing a person.

Volunteers also get the opportunity to support their local community and in particular those in need and make a difference.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

We help volunteers with IT skills, to enable them to Job search, help them with completing paperwork and generally take an interest in their wellbeing. We have even accompanied volunteers too nervous to attend compulsory courses imposed by the Job Centre, so they do not get sanctioned for non-attendance.

We also usually have a staff/volunteer get together around Christmas. Our 'Project Dog' Maggie, was a little upset last year as she was not allowed to attend. Maggie has a therapeutic and calming effect on some of our more anxious volunteers. She is greeted in the mornings enthusiastically by both staff and volunteers and when she is not at work, they will complain that they are disappointed and that they only come in to see her! Many cannot have a pet at home as they live in small, mainly rented accommodation, so this surrogate pet provides a good substitute without any of the responsibility.

There were a total of 10,859 volunteer hours during the year with an in kind financial value of £85,026 based upon the equivalent National minimum wage of £7.83/hr

Environmental Impact

IFP cares passionately about people and the environment we live in. Through repair and refurbishment of electrical appliances, IFP has a considerable impact on saving CO2 emissions.

Re-Use and Recycling helps the environment by saving raw materials and the energy used to extract them and in the manufacturing process. Using methodology for quantifying environmental and economic impacts of re-use from WRAP research conducted in 2010-2011, IFP calculates it generates a CO2 saving of 1,195 tonnes for the year. See table for Ipswich IP1 – IP4 and all other Post-Codes.

To enable IFP to make the best use of the materials we collect, often from the waste stream, we have to comply with and hold various licences and permits. We are a fully licenced approved authorised treatment facility (AATF) which enables us to issue evidence on the electrical goods we collect on behalf of IBC and re-use. We have a T11 permit, which enables us to repair WEEE (Waste Electrical and Electronic Equipment) and have again undergone an audit from the Re-Use Network, which looks at all IFP's policies and procedures, our compliance with legislation and ensures we meet all requirements to carry out our work. This assists us in ensuring we are operating legally and efficiently. It is also a requirement of some of the National retailers we have contracts to work with, such as John Lewis (JLP), a contract we started in August 2016.

This contract is to collect the sofas, armchairs and bed-settees that JLP pick up from their customers when delivering a new one. IFP is paid for this service and can reuse any suitable items. This year we have collected 479 items and re-used 281. A re-use percentage of 58.7%, which represents 281 families or individuals benefiting because of this arrangement.

We again continued with our contract with Ipswich Borough Council (IBC). The contract with IBC is for the collection of white goods and furniture that originates in Ipswich. This provides both income for IFP and a valuable resource in reusable items that can be passed on to low income customers.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

Between 1 April 2018 and 31 March 2019, 11,633 Furniture and electrical items were donated from Ipswich. During the same period 2,813 reused items were sold within Ipswich. A further 7,744 electrical items were recycled.

We managed to improve our end of year figures. Turnover increased to £431,601 and expenditure was kept at £403,785, giving a surplus, including any restricted funds, of £27,816.

Finally, the Board wishes to thank and acknowledge the tireless work and dedication given by both our staff and volunteers throughout the year.

We also wish to acknowledge the continued help and support from the Mrs LD Rope Third Charitable Settlement, who, as mentioned earlier, have provided financial help both to IFP and through grants to individuals to help them purchase items and services.

This year they provided us with Grants of over £24K to assist IFP towards rent, sourcing beneficially priced stock, training and vehicle repairs. We are truly thankful for their continued support of the project.

We also need to thank IBC for their support in funding the collection of reusable furniture and white goods. Also supporting us by providing our premises at Hogarth Road and with a grant from their community budget.

Finally, a big thank you to all our partners and referring agencies, either directly or through referrals to Rope in maintaining a dialogue with us, often in stressful situations, to achieve the best possible outcomes for the individuals and families they support and we supply with goods and services.

Also a massive thank you to all the donors of furniture and electrical items, who continue to choose IFP above the many other avenues now available for them to dispose of their unwanted goods.

Public benefit

The Trustees have paid due regard to the Charity Commission's guidance on public benefit in deciding the activities undertaken by Ipswich Furniture Project during the year. The Trustees are satisfied that the information provided in the report and accounts meets the public benefit reporting requirements.

Financial review

The statement of financial activities reflects operational activity for the year. The economic climate has continued to increase the demand for the project's services but with an increase in grant funding and a significant increase in income from the provision of both donated and bought in goods. However, the cost of providing these services continues to rise resulting in an operating surplus for the year of £27,816 (2018: £5,393)

Principal funding sources

The principal funding source for the charity is the income derived from the provision of low cost furniture and electrical goods. The charity also gratefully acknowledges the grants received during the year from the following organisations: Ipswich Borough Council Mrs LD Rope Third Charitable Settlement and Suffolk County Council councillors' locality grants.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

Reserves policy

The trustees' policy is to maintain adequate reserves for the following purposes:

- To enable the project to fulfil statutory and legal obligations to employees and others;
- To provide a contingency fund to meet unforeseen falls in income or increases in expenditure;
- To allow for the orderly wind up of the charity if required.

In the charity's circumstances the trustees believe it would be prudent to maintain reserves which are the equivalent of no less than two month's unrestricted expenditure which would equate to £65,198 (2018: £62,776). At 31 March 2019 the charity had general reserves of £21,209 (2018: deficit of (£6,607)).

The trustees aim is to rebuild the charity's reserves in future periods in order to meet its reserves policy, with the charity making significant progress towards this aim in the year to 31 March 2019. It is expected that the shortfall to the reserves policy will be cleared at the current levels of activity within one to two financial years.

Plans for future periods

The project will continue to maintain and develop its community services in 2019-20 and to explore new initiatives in partnership with local stakeholders.

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

Structure, governance and management

Governing Document and Principal activities

Ipswich Furniture Project is a registered charity and a company limited by guarantee. The charitable company was incorporated on 5 July 2004 (number 05170995) and became a registered charity number (number 1151719) on 22 April 2015. The company was established under a Memorandum of Association, which sets out its objects and powers and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

In 2014 the charitable company took over the activities of the previous unincorporated charity, registered number 801287, which had been operational as a registered charity since 1989. The project is here to assist people of any age, whose needs may vary from a single item, to a complete house full of furniture. In common with most other furniture and appliance re-use charities, Ipswich Furniture Project was formed with the express desire to alleviate poverty and provide a social need to those disadvantaged and socially excluded, by providing decent quality furniture and white goods to any persons on a low income who lives in the Borough of Ipswich or surrounding area who could not, for whatever reasons, afford to purchase items to furnish their homes from conventional retailers.

A secondary function of the project is the collection of scrap white goods – cookers, fridges etc., currently free from the householders of Ipswich. This is a partnership with Ipswich Borough Council.

The New Furniture Initiative is available to social landlords and other agencies providing housing support. We supply new furniture, cookers etc., so the landlord can provide furnished accommodation to those in need in East Anglia.

Recruitment and Appointment to the Board of Trustees

The directors of the company are also charity trustees for the purposes of charity law. Under the requirements of the Memorandum and Articles of Association, the trustees are elected at the Annual General Meeting. One third of the trustees retires in rotation but are eligible for re-election.

The current trustees, who are also directors for the purposes of the Companies Act, are shown on the reference and administrative details page of these financial statements.

Further trustees may be appointed at any time, at the discretion of the trustees in accordance with the charity's recruitment policy.

Trustee Induction and Training

The majority of the current trustees are very familiar with the work of the charity, having served on the Board for some time.

New trustees are invited to attend a meeting with the Chairman and the Chief Executive to familiarise themselves with the charity and the context within which it operates. The meeting would cover:

- The obligations of being a trustee
- An overview of the services which the project provides
- The main documents which set out the operational framework for the charity including the constitution
- The financial position as set out in the latest published accounts
- Future plans and objectives

Ipswich Furniture Project

Company Limited by Guarantee

Trustees' annual report (incorporating the directors' report) (continued)

Year ended 31 March 2019

Structure, governance and management (continued)

Organisational Structure

The project is governed by the trustees, who meet at least six times a year, and are responsible for the strategic direction and policy of the charity. The project employs a Chief Executive who is responsible for the day to day provision of services, ensuring that project objectives are met and managing the team of workers, administrative staff and volunteers.

Risk management

The trustees have reviewed the financial and operating risks pertaining to the charity and identified key risks to the charity. Policies and procedures are in place to mitigate the risks identified. The board reviews and reappraises risk on an on-going basis.

Independent examiner reappointment

A resolution to appoint Mr L Thurston FCCA of Lovewell Blake LLP as independent examiner will be proposed at the next meeting.

Small company provisions

This report has been prepared taking advantage of the small companies' exemption of section 415A of the Companies Act 2006.

The trustees' annual report was approved on 11 July, 2019 and signed on behalf of the board of trustees by:

Mr M Allison
Trustee

Ipswich Furniture Project

Company Limited by Guarantee

Independent examiner's report to the trustees of Ipswich Furniture Project

Year ended 31 March 2019

I report to the charity trustees on my examination of the financial statements of the company for the year ended 31 March 2019 which comprise the statement of financial activities (including income and expenditure account), balance sheet and the related notes.

Responsibilities and basis of report

As the charity's trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the financial statements of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your company's financial statements as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales (ICAEW), which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the year ending 31 March 2019 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the provisions applicable to company's subject to the small companies' regime.

These financial statements were approved by the board of trustees and authorised for issue on 11 July, 2019 and are signed on behalf of the board by:

Mr M Allison
Trustee

Company registration number: 05170995

Ipswich Furniture Project
Company Limited by Guarantee
Balance sheet

The notes on pages 17 to 26 form part of these financial statements.

Ipswich Furniture Project

Company Limited by Guarantee

Notes to the financial statements

Year ended 31 March 2019

1. General information

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is Hogarth Road, Ipswich, Suffolk, IP3 0EY.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

The accounts have been prepared on the going concern basis and the Trustees believe that no material uncertainties exist. The Trustees have considered the level of funds held and the expected income and expenditure for the next 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the Charity to be able to continue as a going concern.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Income

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.

- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.

Notes to the financial statements (continued)

Year ended 31 March 2019

3. Accounting policies (continued)

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as an expense in the period in which it arises.

4. Limited by guarantee

The company is limited by guarantee and does not have a share capital. Every member of the company undertakes to contribute to the assets of the company if it is wound up during the time that he or she is a member, or within one year afterwards, for payment of the debts and liabilities of the company contracted before the time at which he or she ceases to be a member and of the costs, charges and expenses of winding up and for the adjustment of the rights of the contributors among themselves such amount as may be required not exceeding £1.
